

In The Community: On Saturday the 27th of March, Adroit sponsored a team of employees to volunteer with Habitat for Humanity of Broward County. Habitat for Humanity of Broward – the local affiliate of Habitat for Humanity International – is a non-profit, non-denominational Christian housing ministry that is dedicated to eradicating substandard housing by building simple, decent, affordable homes in partnership with low and very low income families in need. You may learn more about Habitat for Humanity of Broward County by reviewing their website at www.habitatbroward.org.

The work site is located in Ft. Lauderdale, and the team was responsible for working on 1 of 5 homes that are currently under construction in a 30 home community that is being developed. Tasks for the day included roofing and site clean-up. This was a great opportunity for Adroit employees to give back to the local community, as well as to share time with one another in a relaxed, non-corporate environment.
