Adroit Technology Unveils New Website

Website Provides Enhanced Resources and Improved Job Search Capabilities

Fort Lauderdale, Florida, May 12, 2008: In accordance with Adroit's ongoing commitment of providing high quality resources for the South Florida market, Adroit Technology Enterprises, LLC (ATE) today unveiled its new website, built by Fast Forward Marketing.

The bold, freshly designed site (www.adroit-technology.com) provides expanded tools including; common interview questions, resume tips and job search tools. The site also contains an updated job search page with the latest job opening available at the best South Florida Companies.

"We've worked very hard to provide our candidates with top of the line resources to aid in their search for a fulfilling career" said Hal Johnson, President and CEO of Adroit Technology Enterprises. "Adroit is an intrepid company with fresh ideas and tools for placing candidates in fulfilling, stable, full time or contract careers. We're excited to pair our 40+ years of experience with the newest website designs and technologies to assist the south Florida IT community."
